

Thermal Transfer Ribbon Products

TRX-50 General Purpose Wax/Resin

Product Description

TRX-50 features DNP's SmoothCoat® backcoat and is the only wax/resin ribbon on the market backed by a 4 Million Linear Inch Guarantee. Versatile and durable, TRX-50 boasts superior print quality on low-end synthetics and has a unique formulation that dissipates static.

Recommended Applications

Recommended Substrates

Gloss paper, polypropylene, top-coated vinyl, polyethylene, polystyrene, coated/uncoated Valeron®, polyolefin, coated/uncoated V-max®, Tyvek®, Tyvek Brillion®

TRX-55 Premium Wax/Resin

Product Description

This premium wax/resin formulation is designed to print on a wide variety of receiving materials and offers excellent bar code scanning with sharp, reliable images at a wide variety of printing speeds. TRX-55's powerful resistance against smearing and chemicals makes it a perfect choice for your demanding environments.

Recommended Applications

Recommended Substrates

Coated/uncoated tags, gloss paper, polypropylene, polyethylene, coated/uncoated papers, top-coated vinyl, polystyrene, polyolefin, Tyvek®, Tyvek Brillion®

M260 Ultra Durable Wax/Resin

Product Description

M260 prints on a broad range of label stocks providing abrasion resistance and print sensitivity. M260 also prints at speeds up to 12 IPS utilizing less print energy than competing wax/resin ribbons.

Recommended Applications

Recommended Substrates

Coated/uncoated paper, synthetic paper, polypropylene, polyethylene, polyolefin, Kimdura®, Valeron®, Polyart®
